

Ottawa South United Emergency Action Plan:

Field and Facility Safety Policy

The following plan was developed with information from the Ontario Physical Education Safety Guidelines. The action plan outlines our core club facilities utilized. For field safety, we recommend that team officials (including managers and coaches) along with referees always:

- Have a fully stocked first aid kit available to participants. The kit should have a designated individual responsible for bringing it to each team event
- A cell phone should be available in case of emergencies
- Ensure that all participants have the correct apparel and equipment to safely participate
- Ensure that no holes or hazards on the field are present – the field should be walked by a team official prior to it being utilized
- Ensure that the goals are properly secured (especially if they are portable goals) and are not at risk of moving or falling onto participants
- Ensure that all parents are present and know of procedures in case of a safety concern that is weather related
- Ensure that team officials are made aware of any medical conditions or issues of the participants that may present themselves during participation in physical activity

Specific Facility Safety Guides: Emergency Action Plan for OSU 2016

George Nelms- Manotick, ON

Address: 5590 Mitch Owens Road, K4M1B2

Individuals available to assist:

Transportation options: Gator & Golf cart

Closest Intersection: Limebank Rd./Dozois Ave. & Mitch Owens Rd

Fields are located South West of the intersection, head west down Mitch Owens

Emergency Entrance: Through single entrance off Mitch Owens Rd, follow the fence down and enter the fields after fence (Someone should meet at Mitch Owens Rd & guide towards field access)

Closest Hospital: Children's Hospital of Eastern Ontario - 401 Smyth Rd, K1H 8L1 (24 mins)

Turn Right out of the field, turn left onto Dozois Rd, continue down Limebank Rd., Continue onto Riverside Dr., take exit onto Smyth E., turn left down Ring R. to access hospital

Alternative Hospitals:

Kemptville hospital: 2675 Concession Rd, K0G 1J0

General Hospital: 501 Smyth Road, K1H 8L6

Civic hospital: 1053 Carling Ave, K1Y 4E9

Queensway Hospital: 3045 Baseline Rd, K2H 8P4

Notes:

Please note that should there be an emergency on the turf field that there is a Gator available to assist and that the gated fence would require unlocking by Craig. Please ensure that ambulance is made aware that the injury has occurred on a turf surface. There will be two individuals providing coverage at this location, in the case of an emergency use the second individual to assist in aid, or calling the EMS, please use support staff & organizers for guiding ambulance and controlling those around.

Ben Franklin- Nepean ON

Address: 191 Knoxdale Rd, K2G 3J1

Individuals available to assist: Jim

Transportation options: Golf Cart

Closest intersection: West Hunt Club Rd & Knoxdale Rd

Fields are located north of West Hunt Club Rd. on the West (left) & East (Right- Side where “homebase” is located) of Knoxdale

Emergency Entrance: Depends on which field or location of individual. There is a location on the West side through the parking lot leading to the dome, on the East side ambulance can enter through the parking lot and moving down the walking paths. Have individual meet the ambulance at the entrance of the parking lots and provide guidance.

Closest Hospital: Queensway Hospital: 3045 Baseline Rd, K2H 8P4 (~7min)

Head south down Knoxdale Rd. towards West Hunt Club road, turn Right on West Hunt Club Rd, Turn Right onto Cedarview Rd, turn left onto Baseline Rd, turn right onto Richmond Rd (main hospital entrance, alternative entrance off Baseline rd)

Alternative hospitals:
